# WELCOME TO OUR 2025 PRODUCT RANGE

Ark Toys are committed to providing our customers with a product that is of the highest quality and complies with all regulations set out by governing bodies across a broad spectrum.

Dear All,

As we launch our exciting new catalogue for 2025, we would like to take this opportunity to thank you all for the support and loyalty shown to Ark Toys during the past couple of years.

The success of Ark Toys is based on the relationships we have built over the years, and we really wouldn't be where we are without you. We are grateful for the opportunity to work with and support you and your businesses.

Ark Toys are committed to providing you with our wide range of market leading products (traditional favourites and exciting new ranges) backed by our first-class service. Working together is always a pleasure and we're proud to have you all with us.

We look forward to a successful and healthy 2025!

kindest regards

## BIOPLASTIC MADE FROM WHEAT STRAW

Plant-based plastics, also known as Bio-plastics, are creative new materials that have qualities and benefits similar to traditional plastics.

Bioplastic is made from a plant source. Wheat straw, bamboo fibre, rice husks, sugar cane, corn starch, and other plant-based polymers are all examples of plant based sustainable alternatives.
